EDUCATION

Government College of Engineering and Technology, Jammu

Computer Engineering Bachelor of Engineering

CGPA: 9.0

Jammu, J&K, India

August 2020 - August 2024

Montessori Cambridge School, Pathankot

Non Medical 12th

Percentage: 96.40%%

Pathankot, Punjab, India

March 2019 - April 2020

EXPERIENCE

IIT BHUVNESHWAR | Summer Internship

Work from Home | June 2022 - August 2022

As a summer intern at IIT Bhubaneswar, I engaged in a two-month project titled 'Identification of Vulnerable Nodes and Links in a Network.' I applied Data Structures and Algorithms proficiency in C/C++ to analyze and identify vulnerable elements within a network infrastructure. This experience allowed me to strengthen my problem-solving skills and gain valuable insights into network security.

The Sparks Foundation | Web Developer Intern

Work from home | March 2023 - April 2023

Developed a Basic Banking Application during an internship with The Sparks Foundation. Utilized a tech stack including HTML, CSS, JavaScript, EJS, Node.js, MongoDB, and Mongoose to create a system enabling the transfer of money among 10 dummy customers.

Internpe | Front-End Developer Intern

Work from home | June 2023 - July 2023

As a Front End Developer Intern at Internpe, I designed and developed an e-commerce website named 'Mittra'. This project was implemented using HTML, CSS, and JavaScript, with a focus on creating an engaging and responsive user interface. Mittra was entirely front-end based, demonstrating my proficiency in web development technologies and user interface design.

SKILLS

Programming Languages: C/C++, Java, Python, HTML, CSS
Libraries/Frameworks: JavaScript, Node.js, React.js, Next.js, Express.js, Typescript
Tools / Platforms: Bootstrap, Tailwind Css, Material UI
Databases: MongoDB, MySQL

PROJECTS / OPEN-SOURCE

SociaVista | [Link](#)

MERN Stack Application

Created 'SociaVista,' a MERN stack social media app enabling user registration, post sharing, and friend connections, highlighting web development skills.

Chat App | [Link](#)

Javascript, Firebase, React

Developed a React app with Firebase and Google authentication, enabling users to join rooms and engage in real-time chat with roommates.

Basic Banking Application | [Link](#)

HTML, CSS ,Javascript, Node.js, MongoDB

Basic banking system project made during internship under The Sparks Foundation using HTML, CSS ,Javascript, Node.js and MongoDB enabling the transfer of money among 10 dummy customers.
